

# Inspector Rex's History Snippet #40

## Germanic and Slavic Tribes in Early Europe

Migrations and areas of settlement of Germanic tribes, 4th and 5th cents.

<https://commons.princeton.edu/mg/migration-and-areas-of-settlement-of-germanic-tribes-4th-and-5th-centuries/>

You can see here where the Angles, Saxons, and Jutes came from that invaded England.

You can see the area the Sorbs occupied (South Slavic).

### Comment by Inspector Rex

I have observed that female Slavic names tend to end in the letter 'a'.

Some examples: Olga, Anna, Natalia, Ludmilla, Nadia, Svetlana, Katerina, Ivana, Melania. Ivana Trump's daughter is Ivanka Trump.
